«Absolutely great Indian food. We

took the veggie menu. I must say, every dish had a special twist, a memorable taste. This is the way to serve Indian quality food, really loved it. Good service, very friendly staff.»

## Rewarding the best

From the very beginning, our mission was to uncover local gems for foodies from all over the world.

In 2022, having reached a monthly mark of 10 million visitors, we've decided to recognize the efforts of the best restaurants with our special awards!

Not everyone can receive an award – it is only given to reputable restaurants with a high rating, so we once again congratulate you on your well-deserved prize.

We hope that our award will not only help you to attract new customers, but also will increase the trust for existing ones!

Thankfully,  
Restaurantji Team
